

CHILD SAFETY REPORTING OBLIGATIONS: POLICY AND PROCEDURES¹

Brunswick East Primary School

PURPOSE

The purpose of this policy is to ensure that all staff and members of our school community understand the various legal and other reporting obligations related to child safety that apply to Brunswick East Primary School.

The specific procedures that are applicable at our school are contained at Appendix A.

SCOPE

This policy applies to all school staff, volunteers and school community members. It also applies to all staff and students engaged in any school and school council-run events, activities and services [such as Outside School Hours Care].

POLICY

All children and young people have the right to protection in their best interests.

Brunswick East Primary School understands the important role our school plays in protecting children from abuse including:

- Physical abuse
- Sexual abuse (including sexual exploitation)
- Family violence
- Emotional abuse
- Neglect (including medical neglect)
- Grooming

The staff at Brunswick East Primary School are required by law to comply with various child safety reporting obligations. For detailed information about each obligation, please refer to [Identifying and Responding to All Forms of Abuse in Victorian Schools](#).

At Brunswick East Primary School we also recognise the diversity of the children and young people at our school and take account of their individual needs and backgrounds when considering child safety.

¹ This replaces the Mandatory reporting Policy

Reportable Conduct

Our school must notify the Department's Employee Conduct Branch (9637 2594) if we become aware of an allegation of 'reportable conduct'.

There is an allegation of reportable conduct where a person has formed a reasonable belief that there has been:

- a sexual offence (even prior to criminal proceedings commencing), sexual misconduct or physical violence committed against, with or in the presence of a child;
- behaviour causing significant emotional or physical harm to a child;
- significant neglect of a child; or
- misconduct involving any of the above.

The Department, through the Employee Conduct Branch, has a legal obligation to inform the Commission for Children and Young People when an allegation of reportable conduct is made.

Our principal, Janet Di Pilla, must notify the Department's Employee Conduct Branch of any reportable conduct allegations involving current or former teachers, contractors, volunteers (including parents), allied health staff and school council employees.

If school staff become aware of reportable conduct by any person in the above positions, they should notify the school principal immediately. If the allegation relates to the principal, they should notify the Regional Director.

For more information about Reportable Conduct see the Department's *School Policy and Advisory Guide*: [Reportable Conduct Scheme](#).

Failure to disclose offence

Reporting child sexual abuse is a community-wide responsibility. All adults (ie persons aged 18 years and over), not just professionals who work with children, have a legal obligation to report to Victoria Police, as soon as practicable, where they form a 'reasonable belief' that a sexual offence has been committed by an adult against a child under the age of 16 by another person aged 18 years or over.

Failure to disclose information to Victoria Police (by calling 000 or local police station) as soon as practicable may amount to a criminal offence unless a person has a 'reasonable excuse' or exemption from doing so.

"Reasonable belief" is not the same as having proof. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds.

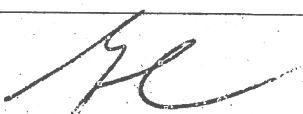

For example, a 'reasonable belief' might be formed when:

- a child states that they have been sexually abused
- a child states that they know someone who has been sexually abused (sometimes the child may be talking about themselves)
- someone who knows a child states that the child has been sexually abused
- professional observations of the child's behaviour or development leads a mandated professional to form a belief that the child has been sexually abused
- signs of sexual abuse leads to a belief that the child has been sexually abused.

When managing a disclosure you should AVOID:

- displaying expressions of panic or shock
- asking questions that are investigative and potentially invasive (this may make the child feel uncomfortable and may cause the child to withdraw)
- going over the information repeatedly (you are only gathering information to help you form a belief on reasonable grounds that you need to make a report to the relevant authority)
- making any comments that would lead the student to believe that what has happened is their fault
- making promises to the child about what will occur next or that things will be different given the process can be unpredictable and different for each child depending on their circumstances (instead reassure them that you and others will do your best to help).

General procedures

All staff at Brunswick East Primary School will complete their online mandatory reporting module annually.

Brunswick East Primary School will follow the [Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse](#) (Four Critical Actions) when responding to incidents, disclosures and suspicions of child abuse.

All staff at our school who believe that a child is in need of protection, even if it doesn't meet the threshold required for mandatory reporting or the staff member is not a mandatory reporter, should in the first instance, speak to Janet Di Pilla, Principal at Brunswick East Primary School, or should make the required reports to DHHS Child Protection and/or Victoria Police as necessary.

At our school the principal will be responsible for monitoring overall school compliance with this procedure.

Nothing in this procedure prevents a staff member or any other person from reporting to the relevant authorities if they form a reasonable belief that a child is at risk of abuse.

Reporting suspicions, disclosures or incidents of child abuse

Responsibilities of all school staff

If a school staff member reasonably suspects or witnesses an incident of child abuse or receives a disclosure of child abuse, they must:

- If a child is at immediate risk of harm, separate alleged victims and others involved, administer first aid and call 000.
- Speak to the principal or a member of the leadership team as soon as possible, who will follow the [Four Critical Actions](#).
- Make detailed notes of the incident or disclosure using the [Responding to Suspected Child Abuse: Template](#)] and ensure that those notes are kept and stored securely in a locked office filing cabinet.

Making the report:

- If the staff member is a mandatory reporter and reasonably believes that a student has suffered physical and/or sexual abuse from which the child's parents have not protected the child, they must report their beliefs to the principal or assistant principal who will then make the report to DHHS Child Protection on behalf of the staff member, or help the staff member to do it.

For school visitors, volunteers and school community members

All community members aged 18 years or over should be aware of their legal obligations – see *Failure to disclose offence* above, in this Policy.

Any person can make a report to DHHS Child Protection if they believe on reasonable grounds that a child is in need of protection. For contact details see the Four Critical Actions -

<https://www.education.vic.gov.au/Documents/about/programs/health/protect/FourCriticalActionsChildAbuse.pdf>

There is no requirement for community members to inform the school if they are making a disclosure to DHHS Child Protection or the Victoria Police. However, where a community member is concerned about the safety of a child or children at the school, and where disclosure of that concern will not compromise any potential police investigation, the community member should report this concern to the principal so that appropriate steps to support the student can be taken.
